# NCSMA Policies and Procedures for Reimbursement of Expenses

A budget is approved annually by the House of Delegates for NCSMA operating expenses. The NCSMA Budget year is from convention to convention. Expenses incurred by an officer or committee will be expensed to the budget year in which they served. Officers and committees are expected to work within the amount budgeted. It is the responsibility of the officer or committee chair to know the amount budgeted for their position/committee and to keep an accurate account of the amount available for their use. The Treasurer may be consulted if there is a question regarding the budget amount or the remaining balance. Any discrepancies should be brought to the attention of the NCSMA Treasurer as soon as they are noticed for resolution. Any officer or committee chairman who feels the budgeted amounts are inadequate may submit their recommendation to the Budget and Finance Committee for consideration in the upcoming budget year. Anticipated expenses that will be over the budgeted amount should be brought to the attention of the Board of Directors (BOD) or Executive Council for approval prior to the expenses being incurred.

**Reimbursable expenses** will be paid within the limits established by the Internal Revenue Service and the Board of Directors. Completed expense vouchers approved first by the Committee Chair or officer, along with supporting documentation, including invoices, receipts, are forwarded to the President-Elect and then the President for their approval before being forwarded to the Treasurer for payment. Vouchers may be submitted electronically. Non-budgeted items approved by the BOD should have an expense voucher completed and be authorized by the President-Elect and President before reimbursement is made, unless the Board has otherwise directed the Treasurer. Any questions regarding the expenses should be resolved prior to payment. A blank or incomplete voucher should never be approved or paid. Over budgeted items should be brought to the attention of the BOD for approval before they are paid. Vouchers must be submitted within sixty (60) days from the date the expense is incurred. Vouchers submitted after this deadline will have to be approved by the BOD before they are paid.
